Darin Cosmetics Laboratory (Thailand) Co., Ltd.

PLACENTA SERUM

Face serum that reduces acne and visibly minimizes pores, resulting in clear, radiant skin. It diminishes dark spots, acne marks, and blemishes on the face using technology that delivers active ingredients beneath the skin's surface.

The formulation contains four effective microspheres that target discoloration, along with extracts from snail mucin that help rejuvenate and nourish the skin. It provides long-lasting hydration and promotes healthy, resilient skin.

Primary Extracts

"Sheep Placenta"

from New Zealand

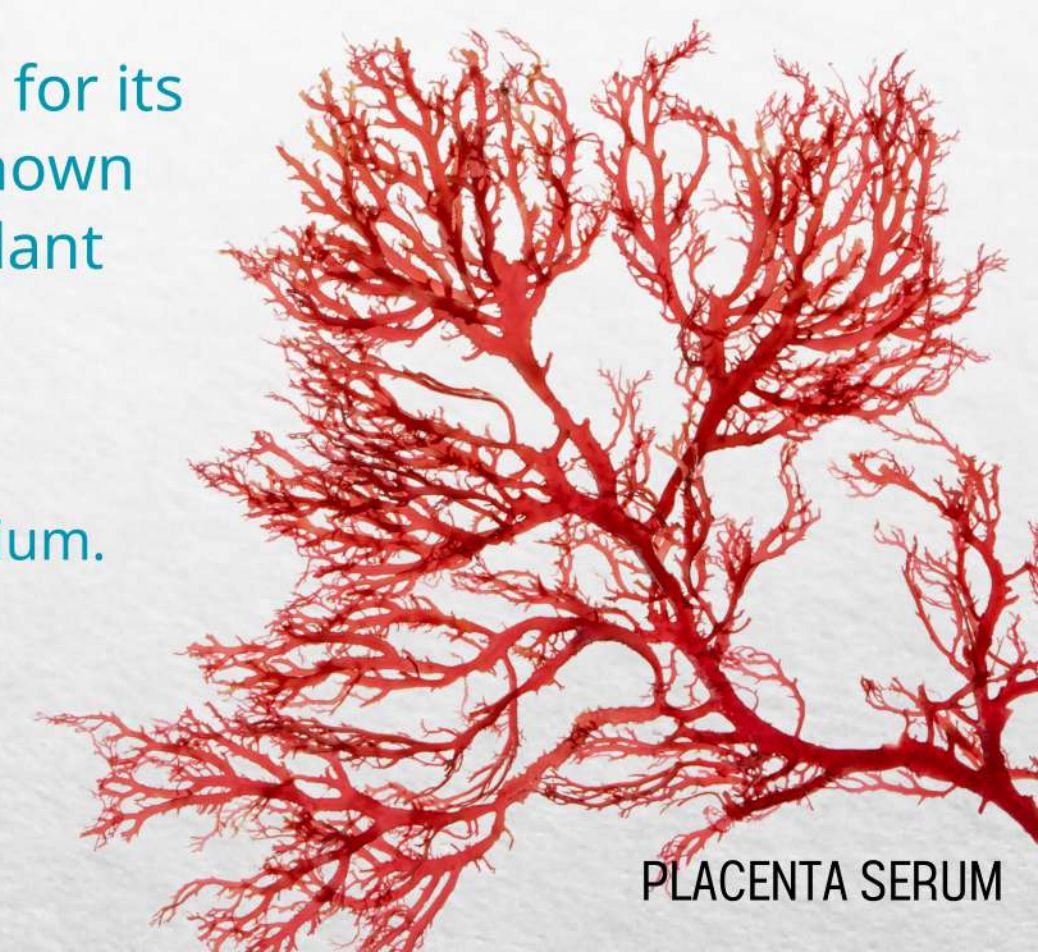

Sheep placenta is a highly concentrated protein extract derived from sheep placenta. It is an advanced skincare product that utilizes a meticulous production and preservation process to maintain the valuable properties of the protein. Protein is a crucial component in the cell regeneration, growth, and repair processes of living organisms, promoting cellular rejuvenation. The concentrated protein extract derived from sheep placenta used in the production must be 100% pure protein.

RED ALGAE EXTRACT

Red algae extract is derived from red algae, which is known for its beneficial effects on health and beauty. It contains a well-known compound called 'Astaxanthin,' which is a powerful antioxidant that helps fight against free radicals.

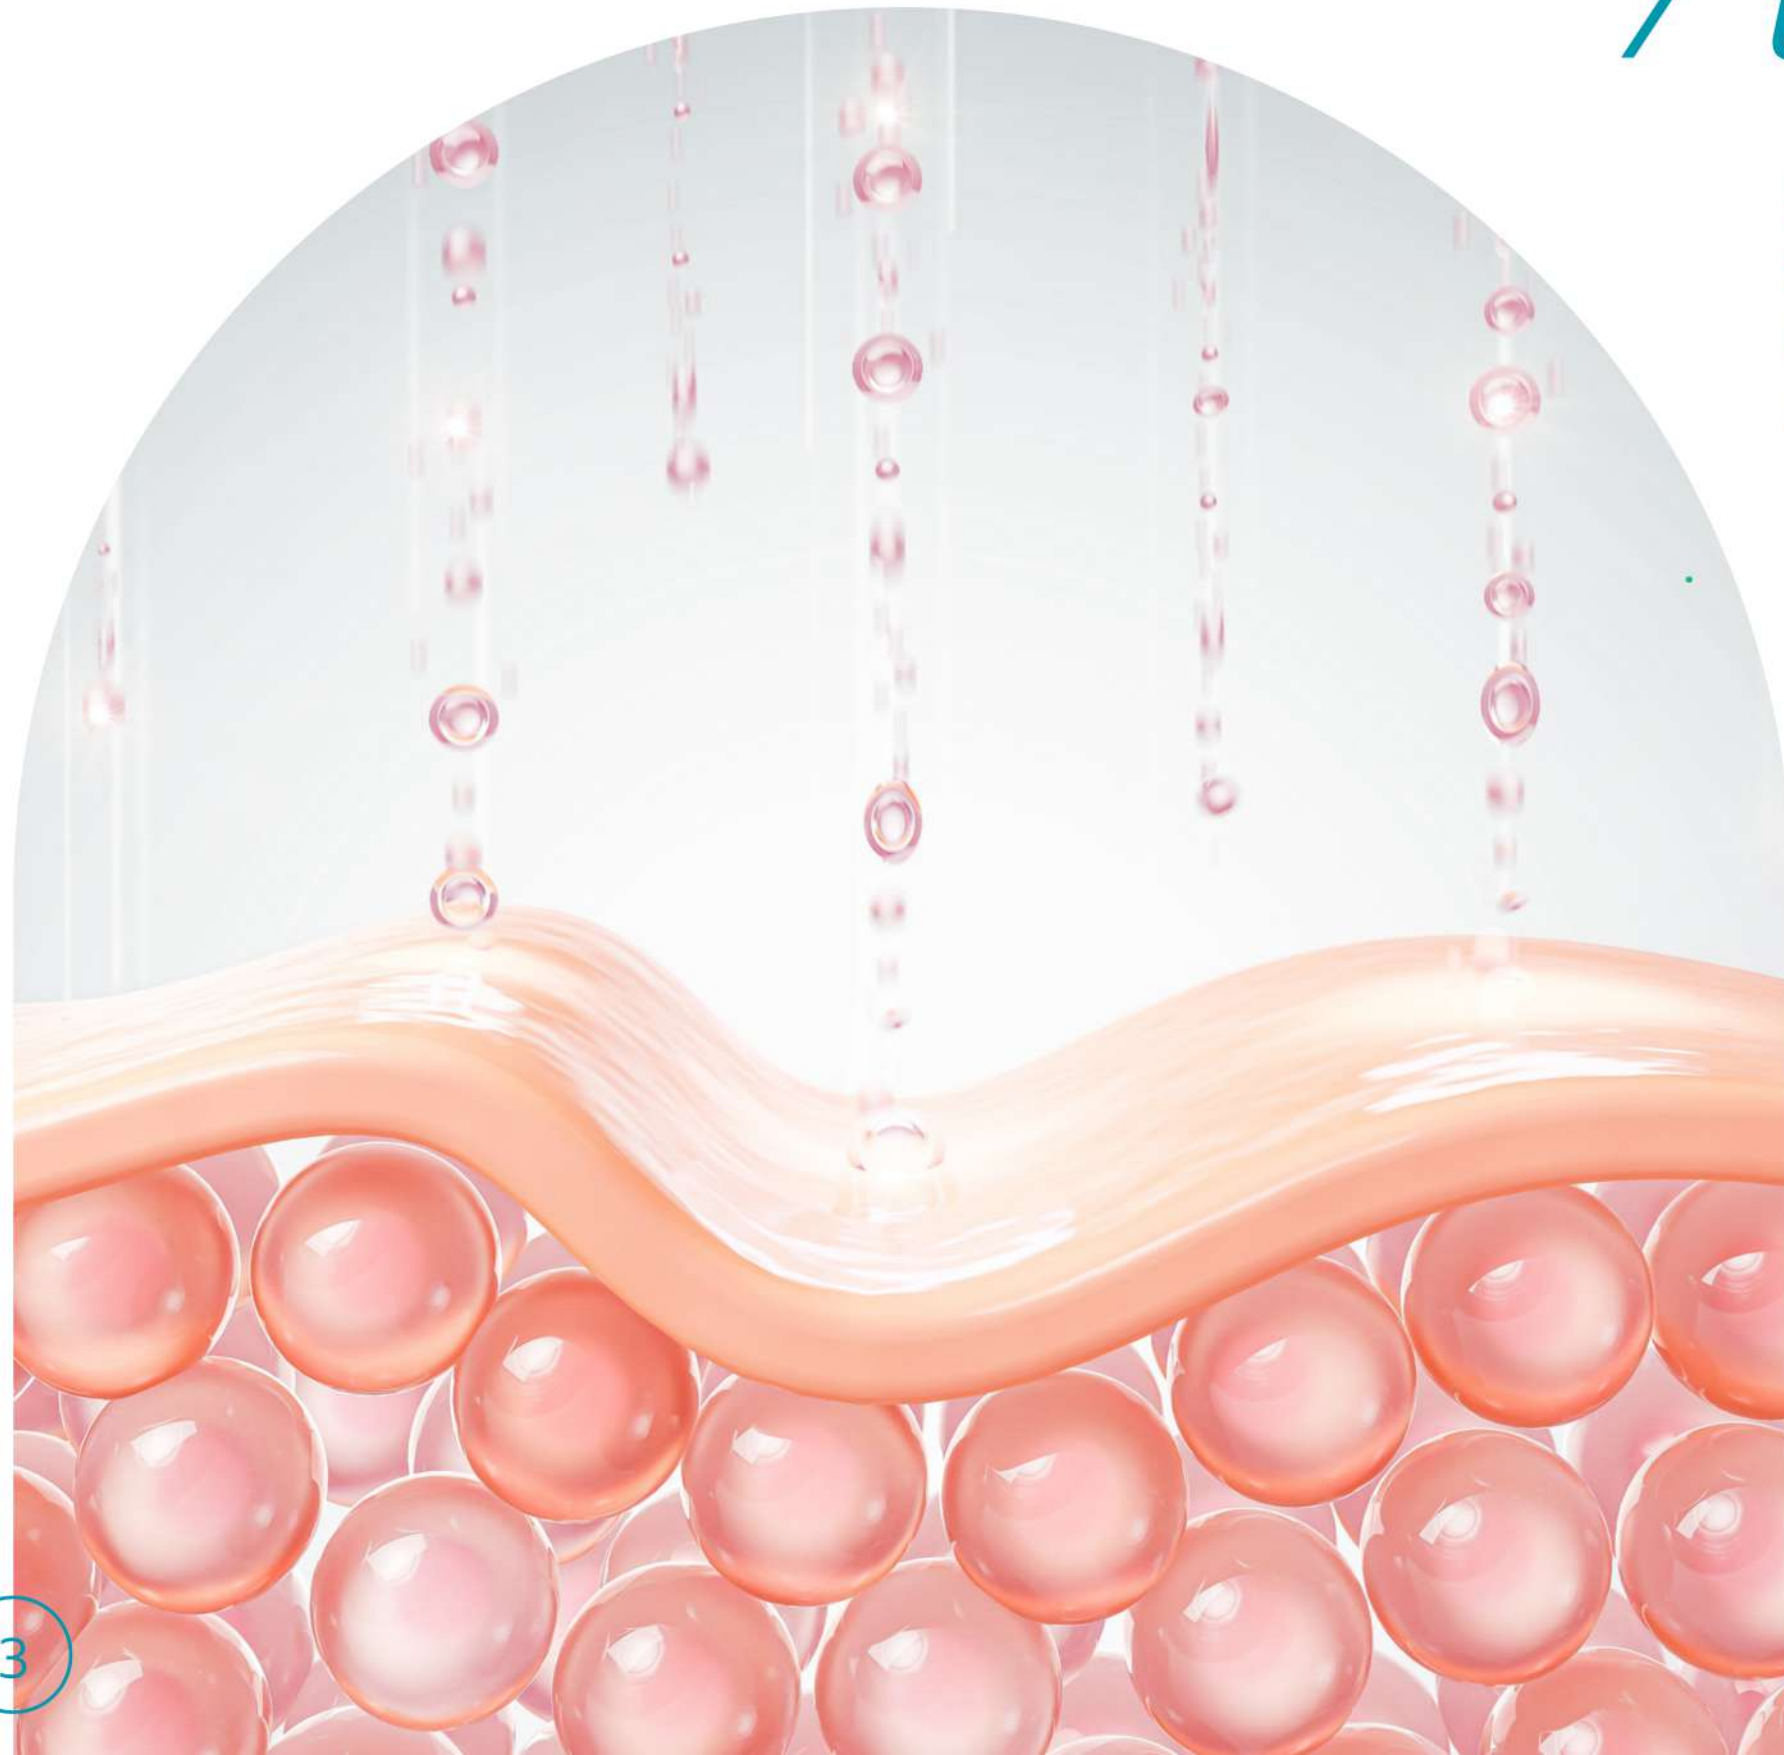

Astaxanthin has higher antioxidant activity compared to other antioxidants such as vitamin C, vitamin E, beta-carotene, and selenium. It is a natural extract derived from marine algae.

PLACENTA SERUM

EXTRACTS FROM UP TO
7 types of fruits,

such as Yuzu orange, Unshiu orange, mangosteen, guava, grapes, strawberries, and passion fruit, contain essential nutrients for the skin, including Vitamin B3 and various other extracts. In total, there are extracts from up to 30 different types.

PLACENTA SERUM

Which skin type is suitable for Darin's Goat Milk Serum?

This serum is suitable for all skin types, especially for those with acne-prone skin. It is recommended for its special blend of ingredients that help reduce acne formation and alleviate inflammation associated with acne.

However, even if you don't have acne, you can still use it because it is a gentle and non-irritating formula. It can be used both in the morning and evening.

Size : 40 ml

Price: **269.-** THB.

SKIN RESTORATION FOR BEAUTIFUL SKIN

The texture of this serum is very rich and concentrated, as I have encountered in my experience as a dermatologist. It contains a high concentration of extracts, with approximately 30 active ingredients, which is impressive considering its affordable price.

This formula is carefully crafted and well-rounded. Each ingredient has proven benefits, and the results are significant. It addresses various concerns, such as dullness, acne, lack of radiance, and insufficient moisture. With its potent formulation, the skin gradually undergoes restoration and improvement within 1-2 weeks.

PLACENTA SUN SCREEN

As you can see, no matter where we go, whether it's during the day or at night, light is always present in our daily lives. Whether it's sunlight, light from bulbs, computers, or mobile screens, they all have an impact on our skin. Therefore, we cannot afford to neglect sun protection. Sunscreen is extremely important for our skin. Today, I will recommend Dara's sunscreen.

SPF 50PA+++

PLACENTA SUN SCREEN

With its high sun protection efficiency of SPF 50 PA+++, this sunscreen provides long-lasting sun protection for up to 8 hours. It effectively shields the skin from all types of rays, including UVA, UVB, HEVIS (High Energy Visible Light), and also protects against pollution.

Darin's Goat Placenta Sunscreen is a lightweight formula that contains goat milk extract. It helps rejuvenate and nourish dull skin, leaving it radiant, clear, and moisturized.

It can be considered a complete sunscreen that meets all the requirements for skincare.

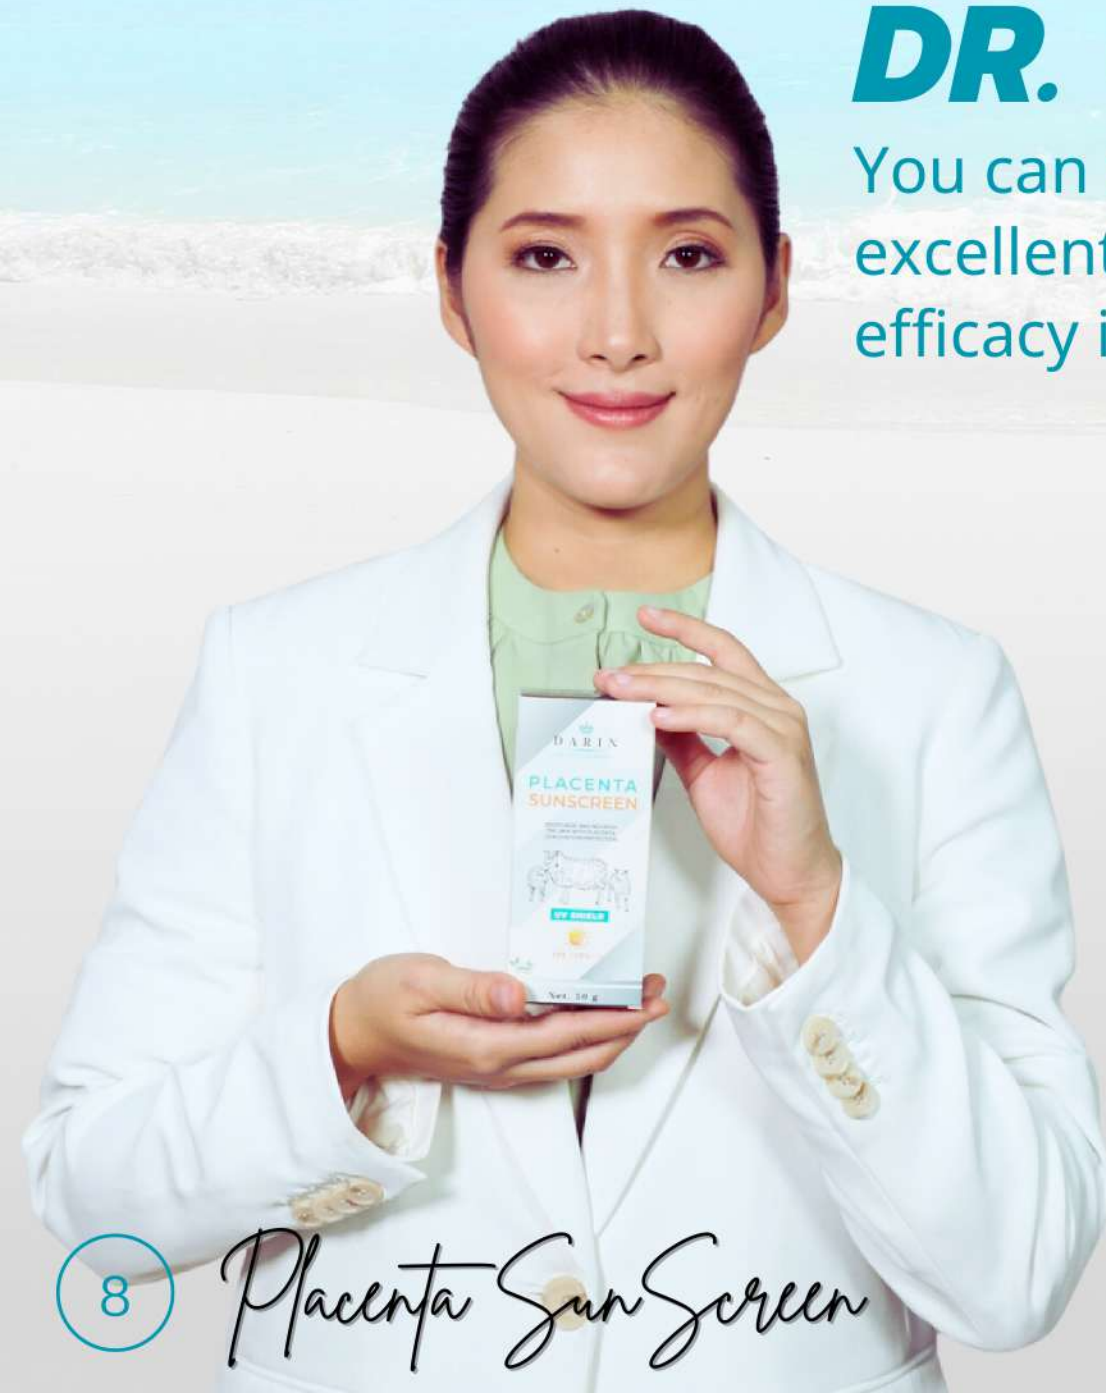

WHY CHOOSE DARIN'S SUNSCREEN?

Daren's sunscreen offers SPF 50PA++*+ protection, effectively shielding the skin from UVA/UVB rays and harmful light.

Our sunscreen has been tested by Mahidol University, confirming its SPF 50 and PA+++ ratings, as documented by the institute.

DR. CONFIRMS!!

You can trust that Daren's sunscreen provides excellent sun protection with its high SPF and efficacy in shielding against harmful rays.
